* **NOTE 1:** Automatic eligibility for those born in calendar year 2008 to play in the Minor League during the September 2017 through June 2018 season is limited to those with less than one full year of prior Minor League playing experience.

NOTE 2: Individual exceptions from the requirements of this age chart require the prior approval of the Commissioners of the two affected leagues and/or the [Head of Baseball Operations](#).

NOTE 3: For the reader's convenience, we have indicated the most common grade in school for players born in each calendar year. However, in circumstances where the player is in a different grade than most of his age cohort, it is the birth date -- and not the school grade -- which determines in which league he or she plays. Any exceptions require the approval of the Commissioners of the two affected leagues and/or the [Head of Baseball Operations](#).
